

SUFFRAGE WINS IN MISSISSIPPI VOTE

Jackson, Miss., March 30.—Following ratification of the federal suffrage amendment by the Mississippi senate today, supporters of the measure began notifying absentee members of the house to return immediately in preparation for the fight there.

Action by the senate came as a surprise, in view of the previous adverse vote. Today's vote was a tie and was made affirmative by the ballot of Lieutenant Governor Casteel. A number of senators were absent and it was supposed the suffrage issue was settled, especially in view of the session Saturday.

Predictions that the house would act favorably on the measure soon were made today. A bill already has been enacted permitting women to vote in primary and general elections, in event the amendment becomes effective ratification by one more state required.

FARM LOANS \$3,500,000 LOANED

Don't let the local money shortage discourage you from buying a farm. We have more money than we can loan. We haven't raised our rates of interest as high as some people have for we want to save the farmer every cent we can. We don't make as heavy loans as some people do on farms but you can bet when you get a loan from us that you are getting the money direct from the lender. We don't represent any one except ourselves. Your interest and principal is all payable at either one of our offices and you don't have to buy a draft to pay your interest. Just use your old every day check. That is good enough for us. Still better if you have time to come into our office when your interest is due and visit with us. We are just as glad to see you after we make a loan as we are when we are making it. You will find after your loan is made that it is just exactly like we told you on the start. Our loan business is carried on similar to the banking business and we back all of our statements. What we want is satisfied customers and they will do our advertising by speaking a good word for us and that saves us running so many printed advertisements.

Now when you want to make a real quiet loan so that all your neighbors and friends won't know it, just get in touch with us. We offer as good terms as any one and we will do our best to save you some money. One reason we can save you money is that we loan more money in Lawrence County than all other loan companies put together and by handling this on a large scale and in volumes we can afford to loan on a less margin of profit.

IS A CANCELED CHECK A RECEIPT?

Does an indorsed and canceled check always constitute a valid receipt for payment of a bill? An article in the American Printer quotes a judicial opinion to show that it does not. "Unless the checks show upon their face for what purpose they were given, or there is some other positive evidence as to the transaction to which the checks were referable," says the court, "we think the burden continues upon the party pleading payment to show that the checks were given in payment of account." In the case cited the printer had to pay the \$100 in dispute which according to his claim he had already paid. The remedy suggested is to write on the face of the check the date and amount of the invoice in payment of which it is given.—Outlook.

HELPFUL WORDS

From a Monett Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms suggest weak kidneys.

If so there is danger in delay. Weak kidneys get weaker fast.

Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys.

Your neighbors use and recommend them.

Ask your neighbor. Read this Monett testimony.

Mrs. M. C. Prevo, First avenue and Scott street, says: "Until just recently I suffered quite a bit with kidney trouble. The worst source of complaint was a miserable backache. There was a dull constant ache through my back just over my kidneys and often sharp pains would dart through my kidneys. I could tell the trouble was caused from my kidneys as they acted very irregularly. I heard about Doan's Kidney Pills and began to use them. They did me a great deal of good, regulating my kidneys to a normal condition and relieving my back of the pains."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Prevo had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MRS. CARLSON DEAD

Miss Anna Maria Anderson was born in Iksjo, Sweden on the 15th day of September 1846, in 1870 she came to America four years later was married at Memphis, Tenn., to S. P. Carlson, they came west and made their home south of Peirce City where they lived at the time of her death.

Mrs. Carlson had been confined to her bed most of the time for 37 years but never lost active interest in the welfare of the orphans and needy as well as her own family. The last seven weeks she gradually grew weaker and weaker until she fell asleep. Funeral services were held Sunday afternoon at 2:30 at the home conducted by Rev. Price and interment was made in the city cemetery.

Mrs. Carlson was loved by all who knew her and was a good christian woman and as we look back over her past life we can more than say "She has done what she could," even though suffering so much never a murmur passed her lips only the words, "God's will on this earth be done."

Her greatest desire was to go home and be with her savior.

The words she loved were "And God shall wipe away all tears from their eyes and their shall be no more death neither sorrow nor crying neither shall there be any more pain for the former things are passed away."

The deceased is survived by her husband and five children, three having passed before her, two brothers and six grandchildren. The children are Miss Lavina Carlson, of Peirce City; Mrs. Math Thill, of Oklahoma City; Anton Carlson of Monett; Mrs. George Bowen and Mrs. Thomas Suttles both of Peirce City; the brothers are, France Rosenquist and Anton Danielson, both of St. Paul, Minn.
